Aug 20, 1935

Dear Mother,

Bill's camera has got some holes in the bellows and it makes light marks on the pictures. He can't get it fixed out here and we want a good camera to take through the park. I want you to send our camera by parcel post just as soon as you get this letter. We will get it then before we leave. I also want you to send one roll of film with it if you will please. I will take good care of it but I do want to get some good pictures in the park. You can insure the camera if you want to but you don't need to send it "Special Delivery" because it won't get here any sooner.

We left camp this morning at 8 AM and got back this evening at 5 PM. We climbed up to the highest peak around here 8400 ft and were

had a fine trip. We walked at least 15 miles and are pretty tired tonight. On the way up Paul shot two grouse and we left them along the trail. When we were coming back I saw two more and Duke Johnson shot one and Paul got another one. We had two for supper and they sure are good. We are going to take the other two with us to Spring Creek tomorrow. We are going over there and fish and hike around that country. It is about 10 miles from here. We are going to stay at the ranch for supper and listen to the President's broadcast.

I will ship every thing I can. We will have to carry some blankets to use in the park. We won't have near the load we brought out because I am leaving the stove my bed and some other things that were pretty heavy. That stove weighed 100 pounds

I am very sorry to hear about Mrs Riley and I sure hope she is better by now. There has been quite a lot of fog out here the last few days. Our camp was in the clouds two mornings. It sure gets plenty cold at night and in the mornings. We all have plenty of covers but it is cold getting up.

I found a little piece of Bittersweet today. This is the first I have ever seen out of Indiana. The days are sweet out here now, just like October in Indiana. This year we will get two Fall seasons. We should be home ~~at~~ some time Wednesday after we leave Friday Aug 30. I got weighed the other day and I found I hadn't gained any more. Ten pounds is pretty good for one summer and all the hiking and exercise I get.
